Author services

Language editing and translation services

In today's competitive environment, it is essential that the English language used in your paper is of a high quality. Your research may be critical, but poor English is a common cause of delays and initial rejections.

Do you need English-language support? We can edit your manuscript within five business days. Our long history of publishing peer-reviewed scientific journals has equipped us to ensure your English is free of grammatical and spelling errors. Learn more about [how it works](#) and what you can expect from us.

We offer:

Native English speakers from top universities; expert input from PhDs or PhD candidates matched to your field of study

An edited manuscript containing correct scientific English (US or UK)

A self-service website with easy [article upload](#) and retrieval

Clear [pricing](#) starting from \$210 / €150 / ¥ 17700

Secure payment

General Comments from the senior editor

▶ Minor issues:

(1) Be careful for “tense”. Past - others’ data or tested.

Future - seldom used in a scientific papers.

(2) Do not start the sentence with “And”.

▶ Strictly to be reasonable or rational in writing.

▶ Abstract should contain results and conclusions

▶ Fundamentals:

Why new experiments are needed ?

Why the research is requested ?

The achievement is useful ?

No new findings loose to transfer the significance.

KIFA-6 & RILEM TC 239-MCM

September 17-18, 2013

This time, the workshop will be held at Hotel Nikko Kumamoto (<http://www.nikko-kumamoto.co.jp>).

Special Issue of KIFA-6 of JCBM is going to be published in 2014
